Planning for National Screen Free Week 2018...

- What did we do?
- What can we do?
- Who do we need?
- What resources are out there?
- What events can we promote?
- What are our social marketing messages?

Healthy Activity | Objectives: By December 31st, 2020, Early Ages Healthy Stages Coalition will:

Coordinate a county-wide social marketing campaign and event series that coincides with National Screen Free Week to improve community-level awareness of the importance of active play.

Social Emotional Health | Objectives: By December 31st, 2020, Early Ages Healthy Stages Coalition will:

Plan a county-wide social marketing campaign and event series that coincides with National Screen Free week to reduce screen time and increase family bonding.

- Promote National Screen Free Week, collecting outcomes and input from multiple coalition members during National Screen Free Week 2017.
- Plan and orchestrate events for National Screen Free Week for the following years.
- Provide resources, materials, and technical assistance to programs and institution participating in National Screen Free Week.
- Track outcomes for number of participants and projects, as well as an evaluation of attitudes of those participating in the projects.

Work Group Updates

- What do we need to do between now and the end of May to feel complete?
- What can we do over the summer to keep the work going?
- What should be the first things that the new coordinator takes on?

**Next meeting:
Friday, May 11 from
9:30-11:30 am**

Cuyahoga County Library- Warrensville
Heights Branch

We will learn about what collaborative efforts between EAHS and the North East Ohio Breastfeeding Coalition and take time to collect EAHS outcomes for the year.
