II. Presentation: Ohio Healthy Programs	
Discussion Points	<ul style="list-style-type: none"> • We are asking the working groups to consider the ways in which they can connect to and support Ohio Healthy Program. Theresa Henderson provided an overview of the history of Ohio Healthy Program, the structure of the program, and the 13 key messages that the program focuses on. Cuyahoga County is leading the State in the number of OHP designees and is looking forward to continuing to scale the adoption of the program. It is going to take all of our EAHS members to make that happen. Our hope goal is to work toward EAHS members to help us advocate for the inclusion of OHP into Step Up to Quality as a long term goal.

The campaign is meant to provide partner organizations and providers with posts and images to use during the week, ensuring a broader message is communicated through Cuyahoga County. Other screen free week materials, including the pledge card, book list, and activity log are posted to the site and available for download.

This will be posted to the website upon completion.

How/where do you register for advocacy day? We would like more information about the gardening component of OHP and how it relates to social emotional health. <p>Health Care:</p> <ul style="list-style-type: none"> We have the development of resource documents underway. There are opportunities to connect with Community Health Workers – connect students and community partners who employ and organize.
